

P O L I C Y O S H

The Management of the Company, being aware of the fact that the activity to be developed (Design, Building and Repair of steel and aluminium ships) may cause some damage to the safety and health of the workers as well as third persons that could stay in the premise, has determined the development of a management system for Occupational Safety and Health integrated into its activity, in accordance with the following commitments:

- 1.- Our main goal: “zero incidents” in security matters.
- 2.- **ARMON** is committed to **Prevent** any Injuries and Health deterioration of its Workers.
- 3.- **ARMON** is committed to **Provide** safe and healthy working conditions for the prevention of any injuries and deterioration of health.
- 4.- Basic working principle: **all accidents can be prevented.**
- 5.- Only workers who have received **sufficient information and training** will be able to access an area with serious and specific risk.
- 6.- The Management recognizes the effort to build a solid **culture of safety**. This will require the consult and participation of every worker.
- 7.- **ARMON** will never compromise the **safety of its workers**.
- 8.- -We are well organized and maintain a clean and tidy **working space**.
- 9.- Our commitment to comply with the **Legal Requirements** and other subscribed requirements.
- 10.- **ARMON**, as part of the Naval Industry, is committed to a **culture of safety: workers** trained in prevention, **subcontractors** appropriate to security standards. Documentary control of people and machinery.
- 11.- In order to eliminate the dangers and reduce the risks for OSH, the necessary material and adequate preventive procedures will be provided.
- 12.- **ARMON** is committed to the **Port Environmental Authorities** to maintain some necessary conditions of respect for the environment, low emissions, noise reduction, energy efficiency, ...
13. **ARMON** is committed to keep a continuous improvement on its OSH Management System.
- 14.- **Good Security Conditions = Good Shipbuilding Process = Good Business.**
